# Hospice of Palm Beach County **cares for more patients in Palm Beach County than any other hospice care provider.**

While **most of our patients are cared for in the comfort of their home**, our care is provided wherever the patient resides – at **home**, in a **skilled nursing facility** or **assisted living facility**. Hospice care can also be provided in a **hospital setting**, or in **one of our six inpatient units**.

Hospice of Palm Beach County admits and cares for **all patients and families who want and need our services, regardless of their ability to pay**. Services are paid for through Medicare, Medicaid, HMOs, private health insurance, and the generous support of our community through donations to our patient care programs.

Our **Call Center** is fully staffed - **24/7** - by trained nurses and customer service professionals who are available to ensure that every need of our patients, physicians, family members and other caregivers is met.

Hospice of Palm Beach County's teams represent the best-trained, most experienced, certified healthcare professionals – from **Physicians who are Board-certified in Hospice and Palliative Medicine** to a full nursing staff of **RNs, LPNs and CNAs, to Pharmacists, Social Workers, Chaplains and Volunteers**.

Our **Integrative Therapies** include the most comprehensive range of gentle, non-invasive treatments available, such as **music therapy, palliative massage, aromatherapy, reiki, guided imagery, acupuncture** and more. These treatments help to enhance comfort and provide the best overall quality of life for our patients and families.

We are responsive to our community's needs through non-denominational, multi-lingual programs, **which honor and respect every spiritual and cultural tradition**.

Our **Open Access policy** offers patients with life-limiting illnesses, the benefit of complex, medically-sophisticated palliative interventions **that are not typically provided by the traditional hospice benefit**.

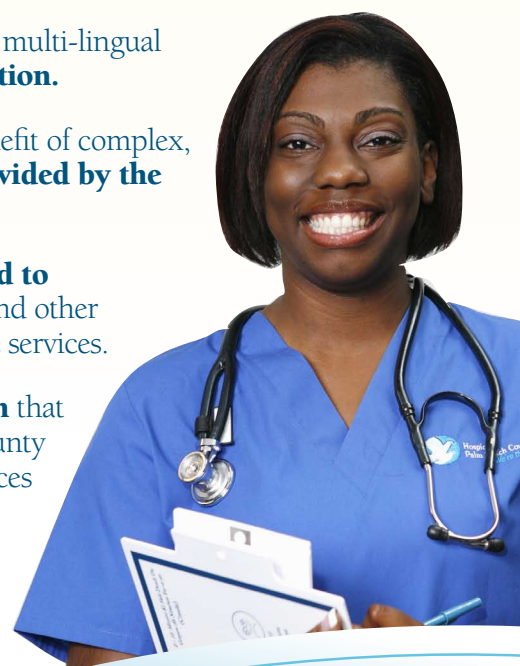

Services provided by the John J. Brogan Bereavement Center **are not limited to patients' families**. The center offers **individual and group counseling**, and other programs, to anyone in the community who needs and wants these valuable services.

Hospice of Palm Beach County is a **501(c)(3) not-for-profit organization** that has been caring for our community since 1978. Hospice of Palm Beach County is the **only provider serving Palm Beach County exclusively**. Our services extend from *Boca Raton to Tequesta and Belle Glade to the beach*.

## **Don't Wait to Call**

For questions about making a referral,  
call our Admissions department **24/7**
